A GOOD FRIEND

A good friend stands by you when in need. Norway people tell you how Doan's Kidney Pills have stood the test. Mr. Needham endorsed Doan's over seven years ago and again confirms the story. Could you ask for more convincing testimony?

Wm. O. Needham, retired farmer, Main St., Norway, says: "At different times, when I have taken cold, my kidneys have become affected. Several years ago when I felt that my kidneys needed a tonic, I used Doan's Kidney Pills, procured from F. P. Stone's Drug Store. They strengthened my kidneys, ridding my system of the excess of uric acid and in a short time I felt much better."

The above statement was given July 24, 1908 and on June 6, 1916, Mr. Needham said: "I can still endorse Doan's Kidney Pills and give you permission to continue using my recommendation. My confidence in them is as strong as ever. I occasionally use Doan's Kidney Pills when I feel in need of them and always get fine results."

Prices 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Needham has twice publicly recommended. Foster-Milburn Co., Props., Buffalo, N. Y.

DON'T carry around a great amount of currency. If you do you are beset by two great evils. One is the temptation to spend readily. A man with \$100 in currency in his pocket is freer to spend than the man with little currency. He is more apt to break a ten dollar bill than he is to draw a ten dollar check.

The other evil is the bait offered to thieves. A man who is known to carry a large sum of money in his possession never can tell when he will be set upon by a highwayman. The wealthiest men in the country seldom carry large amounts of cash. When you accumulate a goodly amount of currency deposit it in the bank at once.

THAT IS THE SAFEST PLACE FOR IT.

GREENWOOD

A Sad Accident

It will be of interest to Norway and Greenwood people to know the particulars of the death of Stillman R. Cole, formerly of Greenwood, which occurred at Bridgeport, Conn., Feb. 26 at the St. Vincent hospital.

For the past three years Mr. Cole and family had been living in Portland where he had a position with S. S. Rich & Son Undertakers. About three months ago, the family moved to Greenwood, and Mr. Cole came to Bridgeport to seek employment. He found work with the Remington Arms Co., where he was employed up to the time of his death. He had a room at the home of his sister, Mrs. F. H. Maxfield until the Thursday previous to the accident when he removed to a room at a few blocks away and began preparations for receiving his family. Mr. Cole was working on night shift and it was his habit to sleep in the afternoon.

On Saturday he usually took a nap and then spent the evening with the Maxfields. On this night he failed to appear at the Maxfield home and his room in an unconscious condition. Everything was in order and apparently he was taking his usual afternoon nap as he was dressed in a bath robe and lay in bed. The room was filled with gas caused by a leak in the gas cock.

A nearby doctor was called, who administered restoratives, to no avail. He was rushed to the St. Vincent's hospital where everything possible was done to save him, but he failed to recover and passed away Monday morning without recovering consciousness.

The body was sent home to Greenwood where the funeral was held the Wednesday following at 1 o'clock.

Mr. Cole was a Mason of Granite Lodge No. 182, West Paris. The Masons took charge of the funeral services. Mr. Cole leaves to mourn their loss, a wife, Mabel (Penney) Cole, four children, mother and father, Mr. and Mrs. Sylvester Cole of Greenwood, two sisters, Mrs. Charles E. Swan of Greenwood, Mrs. F. H. Maxfield of Bridgeport, Conn., one brother, F. J. Cole, also of Greenwood. There are also nieces and nephews who were very dear to him.

He was placed in the tomb at West Paris.

Traveling different ways,

Through life's tangled maze.

Kie-Yie-Yie! Get Me 'Gets-It' Quick!

2 Drops Make Corn "Fall" Off!

"I've joined the Never-Again Club. Never again will I use anything for corns but 'Gets-It'. Put 2 drops of 'Gets-It' on and from that second the corn begins to shrivel."

"Oh, Don't Touch It! It's So Sore! Use 'Gets-It' and It Will Never Be Sore!"

Instead of swelling up like a little white spore, the corn loosens from your toe—and, glory hallelujah! the corn comes off as though you'd take a glove off your hand!

Yes, "Gets-It" is the corn discoverer of the age. Before "Gets-It" it was a corn remedy in existence. Try it and you'll know the reason why. It takes two seconds to apply it, and it dries at once. That's all. Don't experiment—follow the experience of millions and use "Gets-It".

"Gets-It" is sold everywhere. 25c a bottle or sent on receipt of price to E. Lawrence & Co., Chicago, Ill.

Sold in Norway and recommended as the world's best corn remedy by E. B. Stearns, Kimball and the A. L. Clark Drug Co.

WHY A PIANO?

We are **HAPPIEST** when our lives are **FULLY ROUNDED OUT** by the proper experiences, and if we don't include **ART** in those experiences, we have missed the combination. **MUSIC** is just as much needed in our home—in **ANY** home—as different foods are at a meal. We can't get along on bread alone, or meat alone, or anything else by itself. And we can't say that we have lived up to our full measure without music. The **PIANO** is an essential in your home—because its results is an important part of Happiness. And to be Happy is to have secured the best that life holds.

How to Test the Safety of Your Mortgage

- 1—Is the value of the property enough larger than the total loan to leave an ample margin of safety?
- 2—Is the loan in serial form—about 5% of the principal paid off each year to provide always increasing safety?
- 3—Are the net earnings from the property sufficient to pay the interest, reduce the loan as shown above and leave a surplus?
- 4—Is the building new or nearly new, so that depreciation will be eliminated as a factor of the loan?
- 5—Is the neighborhood in which the property is located increasing or decreasing in property value—is it on the down grade or the up grade?
- 6—Has the interest always been promptly paid in cash when due, and are you certain that you will receive your principal in cash on the day of maturity, without a request that you renew your loan?
- 7—Will your loan "stand on its own feet" and automatically protect its own safety through the earning power of the property?

By these questions you may test the safety of your mortgage investments. The bonds issued under the **Straus Plan** meet these and every other requirement of the investor wishing assurance of safety.

To sit and sew all day

"Women's work is never done," they say, and too often this is true. To sit and sew all day is tiring work, and often results in headache, backache and sometimes kills ambition and takes away the appetite. The stomach, liver and bowels need exercise, but they don't get it when you bend all day over a needle. When this sort of work tells on you, you can find great relief by taking "L. F." Atwood's Medicine. It is safe to take and acts favorably on the digestive organs, regulates the liver and bowels, and helps a sick headache. Women or men who lead a sedentary life will find this medicine a fine remedy to keep in the home.

FREE—"Ye Olde Songs"—words and music of sixty popular songs sent free on receipt of one outside yellow wrapper from the bottle, together with your opinion of our Medicine.

KILLS PAIN

EAST BETHEL.

In Memory of Zenas Willis Bartlett. At his home in East Bethel on the morning of Feb. 21, occurred the death of Zenas Willis Bartlett, aged 55 years, and 11 months. He had been in failing health for many months and his death came as a great sorrow to his family and many friends.

He was a kind, indulgent husband, father and brother, a loyal and true friend and a much respected citizen of the town of Bethel. He was a well known business man and his genial friendly presence will be sadly missed by a large circle of associates, both far and near.

Mr. Bartlett was born in East Bethel, the son of the late Elias S. and Hester A. Bartlett and has always lived on the homestead farm, which was settled by his great grandfather, Jonathan Bartlett about the year 1784. He was a farmer and lumberman.

March 16, 1885 he was united in marriage with Carrie M. Swan of East Bethel, who survives him, also one daughter, Edna May Bartlett, two sons, Urban C. Bartlett and Willis Z. Bartlett, and one sister, Mrs. C. M. Kimball all of East Bethel.

He was a member of the Oxford Bear Lodge K. of P. of Hanover; a member of the Uniform Rank K. of P. B. Co. 29; a member of Alder River Grange P. of H. No. 145. He was a life long Democrat, staunch and true to his belief.

Funeral services were held at his home residence at 1 p. m. Friday, Feb. 23, Rev. J. H. Little of Bethel speaking beautiful words of comfort, in which he paid just tributes to the life of Z. W. Bartlett. The Oxford Bear Lodge K. of P., Hanover, and Uniform Rank were represented by a large delegation, who held their emblematic and very impressive services at his home.

Fragrant flowers from friends and relatives far and near covered the casket which was banked by many beautiful set pieces, lovely sprays and shower bouquets. Among them a pillow inscribed "Husband" from Mrs. Bartlett, a pillow inscribed "Father" from the children. A lovely large spray of calla lilies from the Uniform Rank K. of P., a beautiful wreath from Oxford Bear Lodge K. of P. and a shower bouquet from Pythian Sisters. A basket of flowers from Alder River Grange P. of H. and many other floral remembrances. Interment was in the family lot in the East Bethel Cemetery. Bearers were of the Oxford Bear Lodge K. of P. of Hanover.

LOCKE'S MILLS.

At the club house Wednesday evening the Girls' Club gave a kitchen shower to Mr. and Mrs. Lester Abbott. The room was very prettily decorated with candy and paper hearts. In one corner the gifts were hidden round a form dressed in an apron and cap. Much merriment was expressed by all as the verses accompanying the gifts were read by the couple.

The bride's cake was decorated with hearts and white and red pink. The symbols fell as follows: buttons, Bertha Bartlett and Helen Stowell; coin, Rena George; thimble, John Kimball; ring, Dennis Swan. Ice cream and fancy crackers were served. Dancing was enjoyed until a late hour. Those present were Mr. and Mrs. G. B. Tobols, Mr. and Mrs. Leslie Davis, Mr. and Mrs. A. R. Real Tobacco for Real Men

Real men get strength out of Mayo's. It makes a hard day's work easy. It makes a big day's work a sure thing.

Mayo's Plug, or Cut Plug retains all the strength of the soil, of the wind, and of the sunshine of the blue grass region of Kentucky, where it is grown.

Fine cut and flaked tobaccos lose their

flavor, their richness and strength. By the time they reach the user much of the real tobacco is gone—evaporated into the atmosphere.

The red blooded men of New England want honest tobacco—all tobacco—pure tobacco. They need it. It's a tool of their trade. They get it in Mayo's and they won't take a substitute.

SOUTH WATERFORD.

John Atherton
John Atherton, a life long resident of South Waterford, died on February 6, after several weeks' illness of disease incident to the season, and general break down of the system. He had been in his usual good health up to the first of the winter and was accustomed to work in his residence to the village post office and to the home of his daughter, Mrs. Robbins Plummer, more than half a mile and home again, stepping erect and sprightly without ever using a cane, and was mentally as bright and genial in familiar intercourse with friends as in former days. During his last days of life he failed to recognize his friends by the bedside and lapsed into seeming unconsciousness of what might be occurring near him.

Mr. Atherton was a descendant in the third generation of John Atherton, a soldier for four years in the war of the Revolution, who was one of the first settlers of the town, coming from Massachusetts. He raised a family of seven sons and two daughters. The Athertons of Waterford have been a leading family and borne an honorable name in all that concerns high character and worthy citizenship. Mr. Atherton was the son of Oliver Atherton, who settled in the early part of the last century on the excellent farm a half mile east of the village, extending from the shore of Keoka Lake toward the summit of Bear Mountain. Here Mr. Atherton, the subject of this sketch, was born, March 1, 1839, and resided all his life on the homestead right near the top of Mill Hill. He married Margaret Brown. To them were born six children: Mary, Jennie, Addie, Orrie, Annie (deceased, unmarried) and Maude. Mary married Mr. Craig and resides in Farmington; Jennie married Robbins Plummer and resides in South Waterford; Addie married James B. Hamlin. She died in 1904. He died Feb. 18, 1907, leaving an only daughter Bessie May, born June 4, 1888. Orrie married Ward Monroe, who died in Walham, Mass., leaving an only son, who is a graduate of the Massachusetts Institute of Technology and is in high professional employment, Maude is a teacher of physical culture in a young ladies' school in Cleveland.

Mr. Atherton enlisted as a private at the age of 33 years, in the Company K, Capt. Moses N. Stanley, 29th Maine regiment, Col. Wm. W. Vinton, for nine months' service in the Civil War, and was mustered in on Sept. 29, 1862, at Camp Abraham Lincoln, Portland. He served the entire term of his enlistment during which he was promoted to corporal of his company. Since his army service he has been devoted to farming and to the varied interests of his home. The last few years of his life have been spent in the society of his beloved granddaughter, and husband and their infant family and the kind neighbors whom he met in his frequent trips to the village before the coming of his fatal sickness.

The love and veneration felt for this respected citizen was attested by the large assemblage of friends present at the funeral service at his late residence and the many floral tributes contributed by friends in town and from distant places. The funeral rites were celebrated by Rev. G. W. Sias. The interment was in the family lot in Elmview Cemetery.

NEWSY PERSONAL LETTER FROM THE SUNNY SOUTH AND INCIDENTS

F. H. Noyes of Norway has been south some three months and the following letter shows things from his point of view and is of interest to his friends and our readers.—Editor.

Been intending to write you ever since I returned to So. Pines from my trip to Florida. A month ago I felt much improved and that I would be in condition to return and go on with business, first of March.

I wanted to see more of the South and felt a trip to Florida would make me improve faster. Feb. 11—Started, leaving So. Pines at 7:19 a. m., due Savannah, Ga., 2:45 p. m., nearly 9 p. m. when train arrived. Was told at station would find it hard to get hotel accommodations, went to several hotels I had the names of, not a room. Was told possibly could get accommodations at the Pulaski Hotel, never stopped at such a dirty place.

Next morning, Feb. 12, got in at the Savannah Hotel. First class, nice service. Found it cold, 30 above 0, 7 a. m. Wanted to see the city as it had many points of interest, started out alone, found people willing to answer questions so I got around very well. Visited the stores, markets, old Colonial Cemetery and late in the day landed in the Sheriff's Office of the County Jail. This was caused by meeting the Clerk of Courts on the street and asking him some questions, telling him I was and where I came from, he kindly offered to show me around.

Feb. 13, 8:45 A. M., left Savannah, Ga., for Jacksonville, Fla., where I arrived at 1:15 P. M. Reported at station every hotel filled. Outside the station a negro with a one horse rig says take you anywhere in the city for 25c. I had the names of 6 hotels.—Turned down by all.—At last I got a small poor room at the old hotel Jackson.—25c anywhere in the city, but every time the old horse stopped which was easy, and he got him started again, which was hard, 25c more—so had to fish out \$1.75. I asked the colored gentleman if his horse was sick. He said "I guess not, boss," but he's well night stay." I gave him an extra dime and told him he had better buy his horse some oats. With a smile he said, "guess he's not as hungry as I'm dry," and went in to a nearby saloon.

Jacksonville is surely some town, claim 85,000 population, 50 per cent. colored, with some 35,000 tourists. They can't take care of them. The war stopped people from going abroad, causing this great rush to the South, streets crowded. Hear people say, "Where are you stopping? Have you found any place to stay? I wish I had not come here, wish I had gone to some other place. Wish I was at home. Can't find anything fit to eat, etc., etc. A regular cattle show mob, hotels and eating places getting all your money they can, and give you just as little as possible.

Took a 20 miles auto sight seeing tour, passed the mansion of the late J. R. Parrott (formerly of Oxford). Remained in Jacksonville until Feb. 16, 3:30 P. M. When I started via the Florida Beach Coast R. R. for St. Augustine, arriving 4:30.

At the station I found many people waiting for teams to go somewhere else, as could not get accommodations. I was there and wanted to see the interesting city. Got a carriage and started. The fifth hotel found a small room, 68 per day, concluded it was that or nothing, so hung my hat on the nail.

Little place of some 6,000 people with ten to twelve thousand tourists. The most interesting city I ever visited. You

may have seen the little folder I sent Leavitt of St. Augustine. Left there Feb. 17. Wanted to stop at Jacksonville over night as did not want to ride on train all night. Could not find a place to stop at, so took train 8:10 p. m. via Seaboard air line for So. Pines, due there Sunday, Feb. 18, 10:21 p. m., arrived about 4 p. m.

A hard trip and was all in. Found So. Pines crowded, hotels all filled. Got a small poor room at the So. Pines Hotel on back side of house—next to the flush closet used by some 50 persons—going most all night. When not in use flushed itself most of the time. Could not sleep much. When I arrived here Sunday, Feb. 18, it was raining hard. Continued until Thursday morning, Feb. 22, when it cleared nice and warm. Friday, Feb. 23, a cold rain all day. The office and lounging room crowded with about 125 persons stopping here. Not feeling well, could not stay with this bunch, set in my room most of the day, no steam. Mercury about 55 above 0.

Friday night did not sleep. Bad headache with pain in my side, chest and under left shoulder blade, left side of my mind I'd start North Sat., Feb. 24. Set morning word to the doctor, he said I had the grip with left lung a little congested. He said not to start north as it would be very dangerous and might result in pneumonia. He gave me an electric treatment, some medicine, and told me to get out of the So. Pines hotel to some comfortable place if possible.

Mr. Reynolds, prop. of Jefferson Inn, had been trying to make a place for me all the week, went there from the doctor's. A small room had just been vacated. I took it. Found it very comfortable and quiet place, take just what they can care for in good shape. This is the place the Danforths stopped at the first 3 years they were at So. Pines.

Sunday, Feb. 25, felt some better. Sunday night did not sleep, in pain with burning and itching in my left side and back. Monday morning went to the doctor. He examined me, said with your other troubles you've got the shingles. My left side and half of the left side of my back was covered with red blotches. Sick all over, surely felt all in and discouraged. He gave me another electric treatment, treated the eruptions with some preparation and covered about half my body with a bandage. It makes me sick all over and has upset my nervous system again. Can't get out much. Soon as I am able will start North, sometime next week I hope, and expect planning to reach Norway about Mar. 14 or 15. When I left home did not expect to be gone this long time. Anxious to get back.

Sudden changes here same as up north. Yesterday, Mr. Danforth, Frank True, Mr. Moulton and P. O. Bailey of Portland, knowing I was not well, called to see me.

Mr. Bailey has a nice winter home here. The annual Maine reunion occurred here to-day at the Pine Tree Inn. Wanted to attend, not able.

At this hotel I found an old friend of yours, Geo. C. Furber and wife, formerly of Littleton, N. H., later printed a paper at Dexter, Me. He says when you drove across country to settle in Norway, you and Mrs. Sanborn stopped at his house over night. Says he would like very much to see you.

Another man and his wife at this hotel I have found it pleasant to meet, Geo. W. Farley, retired, for years in the employ of the United Shoe and M. Co. For several years in the early days of the Spinney came to Norway, speaks of Withers, George Gunn, George Norworthy, Clarence Smith and others that were in the shop. Speaks of the late A. H. Paul at Beals Hotel, says he used to like to stop with Capt. Whitmarsh, eat the good food Mrs. Whitmarsh prepared and sit around the open fire in the office evenings and listen to the Tim Smith's Congress. Says Clarence Smith was one of the best men and most genial men he ever knew. He also knew Geo. Carter when he was with the U. S. M. Co. I enjoy meeting men like these.

Received town report, thank you for it. Loaned it to Frank Danforth. Hope the cold rough winter you've been having is letting up. Must soon, just a little time now to summer up in Maine and New Hampshire. If I had the ability to put my thoughts into words could tell quite a story of 3 months in the southland.

Many signs of spring here. Trees that shed their leaves are budding. Peach trees begin to show pink for the blossoms, violets, mayflowers and other early spring flowers in bloom. From my room with window open can hear the frogs in the Jim Town bog. Sing just the same tune as up north.

No gain in a child's health and strength is possible until all worms are removed. Signs of worms are: Deranged stomach, swollen upper lip, sour stomach, offensive breath, hard and full belly, and all but occasional gripings and pains in the bowels. So Sugar is seeking a divorce—To this reprehensible article de luxe. The Paper Bag seems coarse.

COMPARISON

In Shoe Buying

It's Right Now

Good shoes are extremely scarce and prices are constantly advancing. This is no time to buy with your eyes shut, nor to accept every "mark down" announcement at its face value without investigation. Shoe material is being manipulated, manufacturing slighted and fictitious values quoted. It's a good time to look sharp, to compare, to be careful what you buy.

We always invite comparison on our Douglass and Regal shoes. Take for example, the following instance, which can easily be verified, even by a man who has never qualified as a shoe expert.

A Pair of Regal Shoes

purchased at this store in the early Spring of 1916, have been worn steady for about five months, have had two new pair of heel lifts, the soles are beginning to get thin on the bottom and will soon have to be half-soled. The linings are in good condition and the inside back-stays are perfect. The Regals are still holding their perfect shape and fit. The price of the Regals at that time was \$4.00.

A Pair of Ordinary Shoes

purchased the first of November, 1916. Worn about four weeks, the tops of both shoes are out of shape, the heels are loose, the welt of one is coming off, the lining of one shoe is in bad shape and the inside back-stays of both shoes are broken. The matter of adjustment was taken up with the retailer, who immediately tried to adjust with the wholesaler, the wholesaler tried to repair (which is impossible) and retained the shoes. The matter is now up to the manufacturer with no possible chance for adjustment; therefore, the purchaser must stand the loss. The price of the ordinary shoes was \$4.00.

In our store adjustment is made in reasonable time, many cases of adjustment are made in less than five minutes and none of them had ought to take over ten or fifteen days, and above all our adjustments are satisfactory whether on a pair of shoes, a suit, overcoat, shirt, or even a small article like a pair of shoe-strings.

WEST PARIS

Franklin Williams died Wednesday evening at 9 o'clock of acute indigestion. For some years he has had occasional sudden ill turns, but soon recovered and was about the town in his usual cheery manner, although for the past few months he has not been as well yet his death was a surprise to many.

Mr. Williams was born in Bath March 9, 1841 and resided there until about twelve years ago when he came here to live with his daughter after the death of his second wife. He was a prosperous merchant there for many years, retiring from business a few years before he came here. Annie Williams wife of Dr. F. E. Wheeler, was his only child or near relative.

Mr. Williams was a well informed person and a great reader, of a genial disposition that won friendship with all whom he met. He was a regular attendant at the Universalist church, a member of the Parish and Good Will Society. He was also a member of the Odd Fellows' Lodge in Bath.

The funeral service was held in his late home Friday at 3 P. M., Rev. D. A. Ball, officiating. The remains were accompanied to Bath for interment by Dr. and Mrs. F. E. Wheeler Saturday morning. There were many beautiful flowers.

Annual Prize Speaking

The annual prize speaking contest of the high school Friday evening at Grange Hall was in every way a success. The contestants chosen from the Freshman and Sophomore years were in every way equally as good as in former years. The program was carried out as it was published last week. Marjorie McAllister won the first prize, a gold watch; Paul Whitten, second, a silver medal and Mr. Whitten, third, a bronze medal. There was also a bronze medal awarded to Frank Packard, who won championship for boys at the annual tennis tournament.

The High School Orchestra consisted of five mandolins, two violins and piano and were played respectively by Lucy Edwards, Howard Emery, Miss Wall, Miss Flint, Mabel Allen, Erwin Trask, Gerald Cole and Hazel Clark and the music was sweet and pretty. The double quartette were Marjorie McAllister, Edith Stevens, Lillian Wheeler, Laura Emery, Clarence Coffin, Ralph McAllister, Earl Hollis and Paul Whitten. The selections "Waterlilies" and "Anchored" were of a classic nature and difficult but their young voices sang them easily and sweetly. Miss Clark, who is the teacher from the Forbes district was the accompanist and was a great help in the musical parts. She also played for the march and a piano solo. Rev. L. V. Grundy offered prayer.

Rev. D. A. Ball presented the prizes and pronounced the benediction. The judges were A. D. Park, Rev. A. T. McWhorter and Morton Bolster all from South Paris. Supt. Joy was also present. The evening was good and a crowded house resulted. The stage was decorated with flags, white crepe paper and a large evergreen festoon across the front decked with red roses.

The school all who took part, were seated on the platform. The contestants in a semi-circle in front and the chorus on raised seats behind and all looked very pretty. Herbert Hill ushered the march and Frank Packard and Herbert Gardner helped in the stage arrangements.

The Junior year scholars are expecting to give a drama this week, Saturday evening. "Country Folks" is the title.

The final basketball game for this season was played March 2, between West Paris High and Mexico, resulting in a score of 22 to 19 in favor of West Paris. Mexico has a strong team and this was their first defeat. The score stood even at the end of the game, when it was agreed to extend the time five minutes longer, during the time West Paris gained three points while Mexico gained nothing. In the game between the sophomores and freshmen, the latter won. Mr. McGilvery and daughter of Lewiston were Sunday guests of Mrs. McGilvery, who is the trained nurse caring for Little Persis Mann. Persis is gaining slowly now.

Harrington Mann, accompanied by his brother Mayford, of Norway, went to Fairfield Sanitarium, Sunday, March 4. Adney F. Tuell returned last Thursday from his visit to Waterville as a guest of the New England Telephone conference. He also visited his son, Will Tuell, in Lewiston. One of his greatest surprises was to see his picture with his orpington hens appear on the canvas at a moving picture show.

Mrs. Julia Abbott recently received a visit from her son from Lawrence, Mass. William F. Willis underwent an operation at the C. M. G. Hospital last week. Mrs. Willis accompanied and stayed until he began to be better.

Rev. C. I. Spear is here this week. Tuesday, Wednesday and Thursday evenings at the revival services held in the Methodist church. Friday night in the Baptist church Rev. J. A. Betcher of Lewiston will give a song sermon on the Lost Sheep. Sunday morning and evening Rev. McLaughlin of Berlin will close the meetings at the Methodist church.

Rev. G. H. Hamlin, D. D., United Baptist State Sec., will speak in the Baptist church Sunday morning and evening, March 25th. He is also a returned missionary from India.

Mrs. Maria Johnson of Trap Corner is suffering with arthritic in her foot and is over here staying with Mrs. Freeland Herriek while she is receiving treatment for it.

Mrs. Ralph Kneeland of Somerville came to visit her brother, Harry Mann, before he went to the Sanatorium. Her mother, Mrs. Emma Mann of Norway, also came and visited at Abner Mann's, too.

Jennie Bradbury of Lewiston was home over Sunday, recently. Agnes Gray is home from her school at Rangely for a six weeks' vacation. Vesta Curtis did not have her eyes operated on as was expected, but is at home, sick with a bad kidney trouble.

Mr. and Mrs. Henry Inman and daughter from Upton are visiting at E. D. Curtis'. Mrs. Curtis is their niece. Mrs. W. S. Austin of South Paris visited her sister, Mrs. S. T. White, two days last week.

Mrs. Mary Stetson visited her aunt, Mrs. Alice Sturtevant of Hebron Thursday afternoon. Ice cream and cake was served. It was also Mrs. Fred Cobett's fifteenth wedding anniversary and little Dorothy Sturtevant presented her with two baskets of presents and a bouquet of pinkies, very much to Mrs. Cobett's surprise.

Ed Maxim of Buckfield was at E. H. Maxim's, Sunday.

MEDICINES, LIKE MEN, HAVE CHARACTER

From their fine outward appearance, through the various elements of strength that go to make up the standing of a remedy, including the final and absolute test—does it "make good"?—does it cure? Hood's Sarsaparilla and Peptiron Pills conclusively prove every day that they are medicines of the highest character.

Hood's Sarsaparilla originated in a physician's successful prescription, Peptiron Pills, named from pepsin and iron, include also nux and other valuable tonics.

For scrofula, eczema, humors, boils, pimples and other eruptions—for loss of appetite, indigestion and dyspepsia—for kidney and liver troubles—for loss of appetite, that tired feeling—for brain-fag, nerve exhaustion, anemia and poor, thin blood—Hood's Sarsaparilla and Peptiron Pills make the ideal course of medicine, the former to be taken before meals, the latter after.

Have been built and actually delivered to retail buyers since August 1, 1916.

These figures—320,817—represent the actual number of cars manufactured by us since August 1st, 1916, and delivered by our agents to retail buyers.

This unusual fall and winter demand for Ford cars makes it necessary for us to confine the distribution of cars only to those agents who have orders for immediate delivery to retail customers, rather than to permit any agent to stock cars in anticipation of later spring sales.

We are issuing this notice to intending buyers that they may protect themselves against delay or disappointment in securing Ford cars. If, therefore, you are planning to purchase a Ford car, we advise you to place your order and take delivery now.

Immediate orders will have prompt attention.

Delay in buying at this time may cause you to wait several months.

Enter your order to-day for immediate delivery with our authorized Ford agent listed below and don't be disappointed later on.

IN THE DEAD OF NIGHT

In the dead of night, when pain was severe and doctors distant, when some loved one seemed to be threatened with serious consequences, have you ever caught up, with a sob of thankfulness, a bottle of your favorite family remedy? We don't know what you consider your favorite family remedy, but if you had a knowledge inspired by the knowledge that it had been successfully serving humanity for more than 100 years, then it must be Johnson's Anodyne Liniment.

And you were doubly fortified, for you had, in Johnson's Anodyne Liniment, a preparation not only powerful and penetrating in cases of bad sprains, strains, muscular rheumatism, any ache, pain, or soreness, but also one you could safely and unhesitatingly administer inwardly for sore throat, coughs, colds, cramps, chills, and like ailments, when necessary to have its wonderful healing and soothing qualities go direct to the seat of an internal trouble. It is rightly termed "an angel in disguise."—adv.
